Subject: Pouring concrete and power floating
 Your letter attribute:
 Our letter attribute: Newsletter 6
 Project: Valley, Zuidas, Amsterdam

Amsterdam, January 15th 2019

Dear Sir, Madam,

We would like to inform you about our construction activities for Valley, located at Beethovenstraat and neighboring to sporting facilities of 'Goed Genoeg (AFC)' and highway A10, that will take place outside of regular working hours. For these activities a permit has been granted by the municipality.

Finishing basement floors

In the coming period the basement floors will be finished in the 3 construction pits. A new layer of concrete will be poured onto the rough floor. After that, this new layer has to be leveled out. The pouring of the concrete takes place during regular working hours. Subsequently, the basement floor will be mechanically leveled out, also known as "power floating". It is possible that this activities continue until the following night. The finishing of the floor depends on the extent to which the concrete has hardened on the surface. This hardening process is highly dependent on the weather conditions. Therefore it is very difficult to predict how much time we need to complete the work. Unfortunately, we can't prevent nuisance from noise and light from the work area. We ask for your understanding. We will do our best to complete the activities as quickly as possible, so that the inconvenience remains limited.

Planned activities: pouring concrete and power floating

-1 floor construction pit North:	From 22 to 23 January 2019
-1 floor construction pit South:	From 1 to 2 February 2019
-1 floor construction pit West:	From 15 to 16 February 2019
Ground floor North:	From 7 to 8 March 2019
Ground floor West:	From 20 to 21 March 2019
Ground floor South:	From 2 to 3 April 2019

The schedule above may be subject to change. Any changes will be communicated through the website of Bouwcombinatie Valley Amsterdam: www.bcvalley.nl

**Updates and additional information**

On www.bcvalley.nl you can find more information about the project. Via this website we provide an automatic news update. You can sign up for our updates by subscribing your email address at the bottom of our page and to click on 'Op de hoogte blijven' (stay up to date). Note! You have to confirm your login via the automatic email you will receive after subscribing. Prior to inconvenient work, we will inform you via a hard copy newsletter delivered at home.

Contact

If you have any questions about the construction of Valley, feel free to contact us via undersigned (communicatie@bcvalley.nl) or to call to 070-414 4200.

The city of Amsterdam's Zuidas Information center is not the commissioning party for this project, but it fulfils a coordinating role in all construction work in Zuidas. If you have any questions or comments about on-going projects in your neighborhood, please contact:

Amsterdam Zuidas Informatiecentrum
0800 5065 (available 24/7)
contact@zuidas.nl
www.zuidas.nl

We hope to have informed you sufficiently and thank you for your understanding.

Kind regards,

Marcel Poolman

Area and communications manager
Bouwcombinatie Valley Amsterdam vof
